

Smile Makeovers Aren't Just for Models and Movie Stars...

People Just Like You Love Their Dazzling New Smiles!!!!

I have always been someone who has taken care of my teeth, but have had to have a lot of dental work done. Unfortunately, I haven't always been pleased with the results because I feel that I wasn't offered the latest techniques or technology. Luckily, I found Dr. Charles Scholler, who not only is trained in the most up to date ways to enhance my smile, but he teaches other doctors how to provide beautiful smiles for their patients also. He has enhanced my smile with the most beautiful, comfortable dentistry I have ever had. I now smile with confidence and am very thankful for a dentist I can trust and believe in. -John S., Somis

I love my teeth!

I went from yellow, crooked teeth to white, straight teeth. Everyone notices my teeth and comments on them. They look so natural but are very white and even. When I am talking with friends, they keep looking at my smile. Many ask what I had done. I am more than willing to tell them, it was the best money I ever spent.

I always envied my friend's pretty teeth, now mine actually look better than theirs. For the first time in my life, I have teeth I love people to see.

Thank you Dr. Scholler for my new smile and self-confidence. I appreciate the meticulous way you attended to every detail of my treatment. No one could have done better.

Before my teeth were repaired they were cracked and yellow and looked awful. I didn't want to smile and... I would cover my mouth when I smiled.

I was so embarrassed. Dr. Scholler told me there was hope for my teeth, and there was! His wonderful dental team was so kind, thoughtful and reassuring through the whole process. Today I no longer cover my mouth when I smile.

Now I love showing off my smile! I've received numerous compliments about my beautiful teeth. It was the best investment I have ever made. Thank you Dr. Scholler!

Awesome!

A wonderful transformation from uneven, food-stained teeth with many fillings into straight, gleaming, white teeth that enhance my smile.

*Some of my friends have commented, "Do you have new glasses? Do you have a different hairstyle? **YOU Look YOUNGER! Your teeth are beautiful!**"*

Thanks to modern dental technology and the expertise of my meticulous, dedicated dentist Dr. Scholler and his well-trained dental team for the dramatic change in my appearance.
